Running a small business seems to get harder each year.

You **KNOW** you need to do social media, or you won't get any new customers.

**But YOU don't have time to do the marketing!**

...It doesn't have to be like that.

We blog.

So you don't have to.

**P.S. We also do internal communications, such as operations manuals, internal newsletters and memos!**

## About Candace:

*"Her professionalism and attention to detail are an absolute breath of fresh air; she communicates clearly and meets or beats deadlines every single time. Hire her; you'll be glad you did!"*

J. Marie Riche, Ideal Communications

## About Megan:

*"Megan created a social media marketing strategy for my television project that completely blew me away. She was able to recognize the unique challenges and strengths of our series, offer creative ideas of her own, and pinpoint the ways to monetize it, promote it, and grow a social media audience within the demographics we were looking for. I would not think of doing another project like this without Megan's help."*

Sean Reid, film producer
